One Product – Many Benefits

ADVANTAGES :

- Extremely large spectrum anti bacterial and anti fungal action.
- No need to supplement in-feed antibiotic growth promoter.
- No need to supplement probiotics and organic acids in poultry feed .
- Improves appetite, feed intake and digestion.
- Improves FCR, performances and livability.
- Improves immunity.
- Checks mould growth in feed.
- Limits round-worm infection.
- Improves meat flavor and reduces cholesterol level.
- Checks larval growth in poultry litter.
- Unique mode of actions, No resistance development and withdrawal regulation.
- Completely safe, non-toxic, eco-friendly product.
- Withstands peletting condition without deteriorating bioactivity.

GUTPROMIX Super concentrate is densely concentrated mixture of phytoextracts. Phyto-equivalence study confirmed that 1 Kg of **GUTPROMIX** is equivalent to following:

10- 15kg fresh Garlic
3 - 5Kg fresh Turmeric
2 - 3Kg fresh Ajwain
1 - 2Kg fresh Ginger

Besides, **Gutpromix** also contains mould inhibitory and immune-modulatory phytoextracts. Regular application of **Gutpromix** through feeds helps to reduce the load of flies and other insect larvae in poultry litter.

Feed Inclusion Rate : 500g to 1kg per ton of Feed.

Presentation : 25Kg Paper Bag
